TO: Scoutmasters, Coaches, Boy Scout Leaders, and Unit Committee Members , and Webelos Den Leaders about to cross over into Boy Scouting or Venturing.

You are invited to participate in Introduction to Outdoor Leader Skills, a fun-filled program of hands-on skills training in the outdoors, designed to help you master basic camp skills required for Tenderfoot to First Class. This course will be at Pamlico Sea Base, East Carolina Scout Reservation, 419 Boy Scout Road, Blounts Creek, NC 27814. We welcome Scouters from all districts, and out of council participants.

Instructors will help you learn how to set up camp, cook, and work with woods tools, and about ropes, planning campfire programs, map reading and compass skills, hiking and packing techniques, nature identification, and outdoor ethics. Each outdoor session will bring to life the pages of the Boy Scout Handbook to help you deliver the promise of Scouting to yourself and the youth you serve. It will increase your comfort level and give you confidence as a trained, skilled leader. The program will also give you the opportunity to work with other Scout leaders from your area, meet new friends, and reinforce skill techniques with fellow unit leaders.

You might want to check with other leaders from your area, encourage their attendance, and carpool or trade days on transporting. You need to have completed Youth Protection Training and Weather Hazards Training (either instructor-led or via MyScouting. Training for Scoutmaster/Assistant Scoutmaster is Strongly encouraged prior to attendance. These courses are available online at <https://my.scouting.org/>

The attached What to Bring checklist covers the equipment you will need to bring to camp. If you do not personally own any of the items listed, you may want to contact other troop leaders or friends to borrow them for the course. While we want you to be comfortable, we want to ensure you make the most of this training without shouldering too many expenses. In addition, please let us know if you have any physical limitations or special dietary or medical needs so we can be prepared before the course begins. The staff looks forward to working with you and seeing you there!

We look forward to hearing from and working with you in this unique and exciting program.

**Be sure when registering that you INCLUDE your full email AND the Troop number you are with so that we can verify prerequisite training requirements and to allow us to communicate updates on a timely basis prior to the course.**

#### UPON ARRIVAL

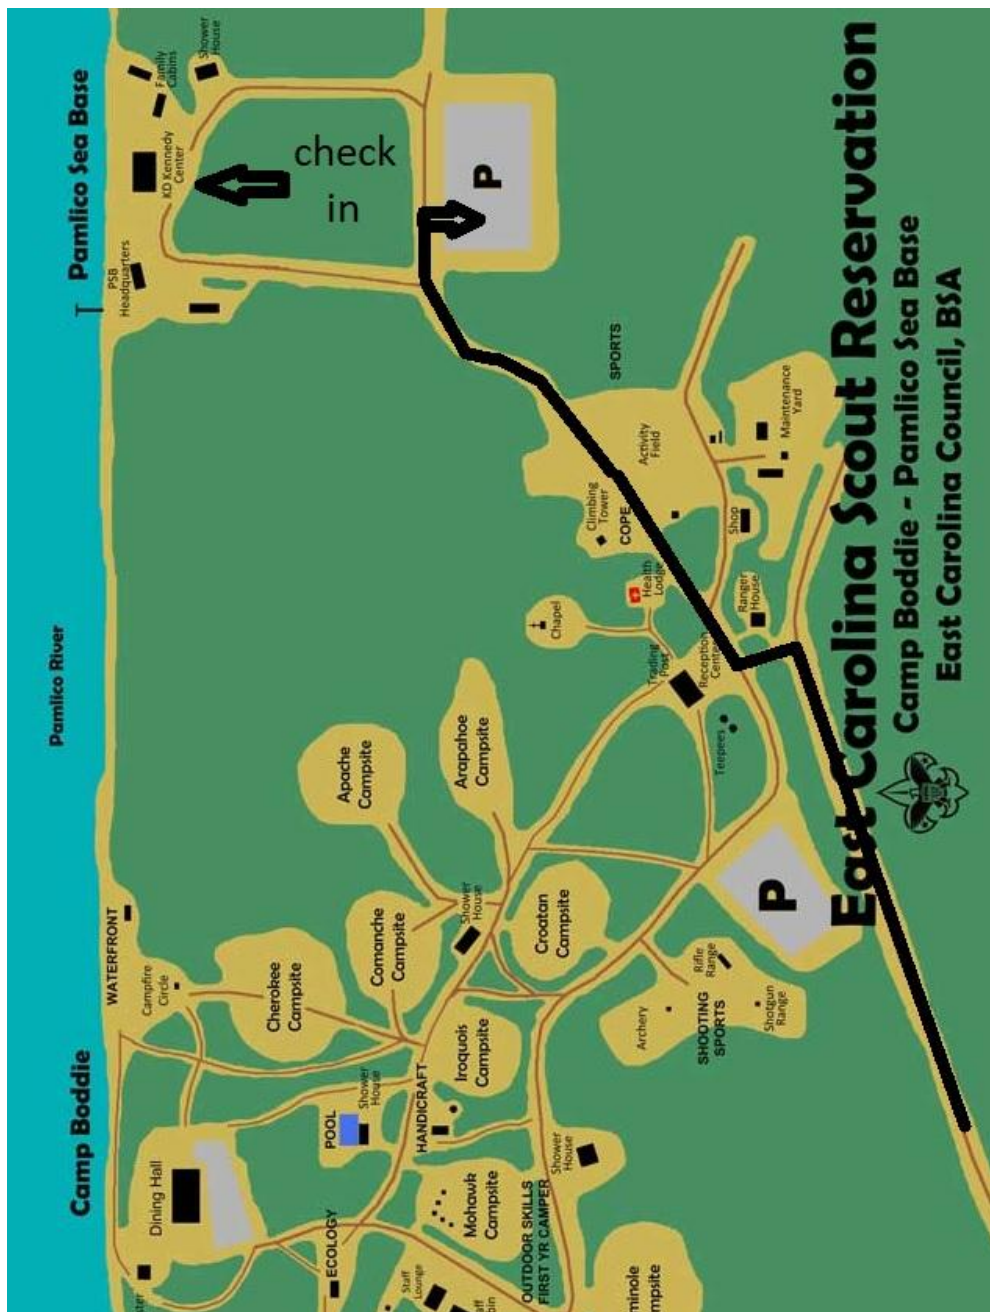

Participants drive to Sea Base and park in the designated parking area and proceed to Kennedy Center for check in and instructions.

It is important to arrive on time and attend all sessions in order to receive credit for the course. This may require you to leave work early on Friday.

This course is normally done in a 2 night format, so arriving late and leaving early would impair the experience dramatically.

Let David Giles, course director, know if you have any special health or dietary restrictions so that accommodations may be made. [gilesdl@gmail.com](mailto:gilesdl@gmail.com)
